

Peel Community Pest & Weed Workshop

6:15pm Thursday 28 November 2013

Pinjarra Civic Centre

1915 Pinjarra Road, Pinjarra

Do you have concerns with cotton bush, feral animals and other invasive weeds on your property and throughout the Peel region?

The Shires of Murray, Harvey, Waroona, Serpentine-Jarrahdale and the City of Mandurah, with the support of the Department of Agriculture and Food, are looking to develop a **Recognised Biosecurity Group** for the Peel region to deal directly with the management of weeds and feral animals.

This workshop is designed to both inform, gauge community interest and encourage community leaders to nominate themselves as active players in the direction and management of this group. Further information on Recognised Biosecurity Groups can be found at www.biosecurity.wa.gov.au.

There will also be a presentation by Viv Read, Director of Invasive Species from the Department of Agriculture and Food.

Tea, coffee and light refreshments provided. RSVP before **Friday 22 November 2013** to environment@murray.wa.gov.au or call 9531 7777.
