

Assisted soil sampling Training day!

This training is mandatory for all participants of the assisted soil sampling program.

- **Come along and get trained in how to take soil samples on your farm using an augur and drill set-up.**
- **Learn how to GPS your sample locations, and correctly label bags.**
- **Training will be provided by DPIRD officers.**

What do I need to remember?

- Watch the training videos prior to this field training day.
- Respect biosecurity on our host's property.
- Dress appropriately (hat, boots etc.)
- Bring an iOS device (iphone or ipad with SIM slot) if available.
- Bring water bottle (refill provided)
- Bring own drill and battery if you want (some provided)

When: Wednesday 25th November, 2-4pm

Where: Waroona

RSVP: 19th Nov to Megan LeRoy (details below)
