

Great Cocky Count

WORKSHOP

Join PHCC and special guest Merryn Pryor from Birdlife Australia for an insightful presentation on Black Cockatoos. Learn how to identify the 3 species, their behaviour, biology and nesting requirements.

Learn how to take part in the Great Cocky Count on Sunday April 3.

A light supper will be provided.

Monday
28 February 2022

5pm – 6.30pm

Gallery Room,
Boddington Community
Resource Centre

Registration for this workshop is **FREE** but essential, please register here:
<https://peel-harvey.org.au/events/great-cocky-count-workshop-boddington/>

Note: Current COVID restrictions at the time of the event will be mandatory, event details are subject to change.

What is the Great Cocky Count?

The Great Cocky Count is a survey night for Black Cockatoos. On one night in autumn, volunteers monitor known roost sites and count black-cockatoos as they come in to their evening roosts. Records submitted from across the southwest provide a snapshot of black-cockatoo populations, and over time this has helped us quantify the changes in black-cockatoo numbers.

It's easy to participate and can be done close to home if there is a roost near you.

This project is supported by PHCC through funding from the Australian Government's Environmental Restoration Fund, South32 and Newmont Boddington
