

WA Feral Cat SYMPOSIUM 2

Sponsorship Package

The **WA Feral Cat Working Group** (WAFCWG) was launched on 6 April 2020 with the objective to:

Improve the trajectory of WA native fauna conservation outcomes through collaborative, effective, resource-efficient and humane management of feral cats.

First held in 2018, the inaugural **WA Feral Cat Symposium** brought together nearly 200 people from across Australia to tackle the complex issue of protecting WA's native animals, through effective, humane feral cat control.

Following the success of this event, the WAFCWG is holding a second Symposium in February 2023.

The Symposium will bring together conservation managers, Traditional Owners, researchers, landholders, industry and all 3 levels of government to learn, share, discuss and network. Speakers and attendees will be from across Australia.
