Expert advice on local weeds and valuable information on suitable control methods

Bring plant samples you have collected for identification and learn weed identification techniques

Ask experts for advice and support regarding options for managing weeds on your property

Our Presenters:

Greg Keighery is the co-author of *Western Weeds: A guide to the weeds of Western Australia*.

Bronwen Keighery is the author of *Bushland Plant Survey* and an expert on the Swan Coastal Plain's native vegetation.

The Keighery's recently received their Australia Day honours for service to conservation and the environment.

Bring your weed samples to receive a free copy of *Southern Weeds and their control*

Registrations are essential by the 12th October 2022
