

Landcare matters

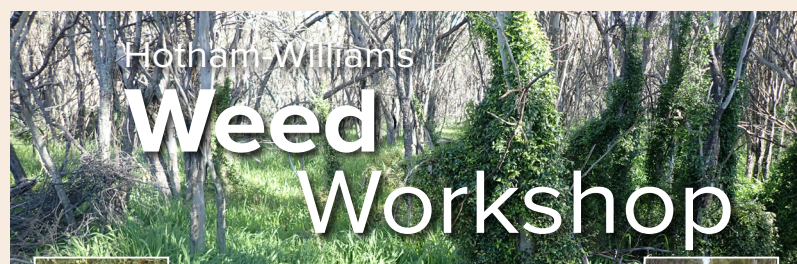

Hotham-Williams sub-catchment update

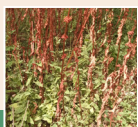

PHCC Working Together
Peel-Harvey Catchment Council

Edition 69
October 2022

NRM is the management of natural resources such as land, water, soils, plants and animals. It brings together land use planning, water management, biodiversity conservation and sustainability of industries such as agriculture, mining, tourism, fisheries and forestry.

Presented by Bronwen and Greg Keighery

Two Events on Friday
21st October

Williams Woolshed
101 Albany Highway Williams
10.00am - 12.30pm
Morning tea provided

Boddington CRC
20 Bannister Road Boddington
2.00pm - 4.30pm
Afternoon tea provided

Expert advice on local weeds and valuable information on suitable control methods

Bring plant samples you have collected for identification and learn weed identification techniques

Ask experts for advice and support regarding options for managing weeds on your property

Our Presenters:

Greg Keighery is the co-author of Western Weeds: A guide to the weeds of Western Australia.

Bronwen Keighery is the author of Bushland Plant Survey and an expert on the Swan Coastal Plain's native vegetation.

The Keigherys recently received their Australia Day honours for service to conservation and the environment.

Bring your weed samples to receive a free copy of Southern Weeds and their control

Registrations are essential by the 12th October 2022
