

Great Cocky Count WORKSHOP

Join us in Waroona for an evening full of information about our iconic Black Cockatoos.

Presentations from Birdlife Australia will cover identifying the biology and behaviour of the 3 local Black Cockatoo species.

You will also receive instructions and get a chance to practice counting Black Cockatoos as they fly over-head, so you'll be ready to participate in the 2025 Great Cocky Count census night, if you choose to!

A light supper will be provided.

Please register by 24th February
