

Landscape Rehydration Field Day East Cuballing

Mulloon Institute Landscape Planner and Hydrologist Lance Mudgway will provide details of what Landscape Hydration is, how it is undertaken and what the benefits are to farming enterprises and the wider catchment.

The day will include field walks to several sites on a broadacre farming property and provide the group with an opportunity to see what's working, issues and potential solutions, and to further discuss practical solutions with Lance.

Monday
31 March 2025

9am - 4.30pm
Morning tea and lunch provided

East Cuballing
Exact location advised on registration

RSVP essential
